

Gérer les articles entrants - purchase_stock OdooSA [Créer/Compléter]

Le module *purchase_stock* une page supplémentaire dans le sous-menu *Contrôle* qui permet la gestion des articles entrants.

The screenshot shows the Odoo interface with the 'Achats' menu open. The 'Articles entrants' option is highlighted. Below it, a table lists two purchase orders.

<input type="checkbox"/>	Date prévue ▾	Date	Document d'origine	Article	Demande initiale ▾	État
<input type="checkbox"/>	18/03/2021	17/03/2021	PO00007	Kimiprod	1,000	Disponible
<input type="checkbox"/>	23/03/2021	22/03/2021	PO00008	Kimiprod	10,000	Disponible

The screenshot shows the Odoo interface for the 'Articles entrants' form. The form displays details for a purchase order (PO00001) and its associated stock location (WH/Stock).
