

Mettre une vente en attente

Si le client ne peut pas clôturer sa vente immédiatement (pour aller chercher un autre produit en rayon par exemple), vous pouvez le mettre en attente et commencer une nouvelle vente en parallèle.

- Cliquez simplement sur le “+” dans la barre noire en haut de l’écran.

The screenshot displays the Odoo Point of Sale (POS) interface. At the top, the header shows the Odoo logo, the name 'John Snow', a notification icon with '1', the time '08:04', and a red box highlighting a '+' button. Below the header, the current sale is for 'Cookies pur beurre et pépites de chocolat' with a price of 2.31 € and 1 unit. The total amount is 2.80 € with taxes of 0.49 €. A payment terminal is visible at the bottom left, showing the name 'Raucent Martin' and a 'Paieiment' button. On the right, a product catalog is displayed with categories like 'Légumineuses', 'Thé et Café', 'Vin', 'Vins', and 'Bière'. Various products are listed with their prices, such as 'Abricots secs' (3.08 €), 'ALFAFA A GERMER' (4.12 €), and 'Amandes' (3.21 €).
