

Afficher un texte descriptif par produit

Le module `website_sale_product_description` ajoute un champ "Description pour l'e-Commerce" sur la fiche article, dans l'onglet "e-Commerce". Se rendre dans l'application Site web et le menu Produits, cliquer sur Produits et sur un article :

The screenshot shows the Odoo interface for a product named "Bergamot (6 kg)". The top navigation bar includes "Website", "Dashboard", "Orders", "Products", "Reporting", and "Configuration". The breadcrumb trail is "Products / [Bergamot (6 kg)] Bergamot (6 kg)". Below the breadcrumb are "Edit" and "Create" buttons. A light blue banner indicates "Please update translations of : Description for e-Commerce". The product details section shows a photo of a yellow fruit, the name "Bergamot (6 kg)", and checkboxes for "Can be Sold" and "Can be Purchased". A horizontal tab bar at the bottom of the details section includes "General Information", "Sales", "eCommerce" (highlighted with a red box), "Purchase", "Inventory", "Label", and "Accounting". On the left, under the "Shop" section, are links for "Categories", "Alternative Products", "Accessory Products", and "Styles". A "Fruits" tag is also present. The "Description for e-Commerce" field (highlighted with a red box) contains the text "Test description".

Ce texte apparaîtra sur la vue du produit dans la boutique en ligne :
